Mr. Jackson,

I appreciate your time in researching this information. Mr. Rodriguez provided me with the data. Our 11 EIC's stands at 25% of the 44 total EIC's issued in Texas. The Elections Administrator and the Dallas County Commissioners Court have expressed a strong desire to have more Mobile EIC Locations in Dallas County, and set a precedent for executing initiatives like this. Please consider scheduling more locations in Dallas County; with more lead time and with our experience, we know we could be of even greater service to our citizens. Alternatively, let us know how we can help with the Saturday EIC locations in Dallas County to help make them more productive.

We look forward to your reply, and to serving our citizens.

Mr. Chacon,

Keith Ingram forwarded the information you sent for the EIC mobile stations to be placed in El Paso next week. (I am serving as the agency's liaison with DPS for this particular project.)

The DPS employees assigned to the sites that you provided stated that, after investigation, the Nolan Richardson Recreation Center (10/7), the Seville Recreation Center (10/7), the Rae Gilmore Recreation Center (10/8), and the San Juan Recreation Center (10/9) were told that they would be open from 1 p.m. to 9 p.m. However, on the attached information you provided, the statement is clear that "All Mobile Stations will be available October 7 through October 9 from 9:00 a.m. to 4:00 p.m." Would you be able to clear up this confusion for myself and DPS? I would certainly appreciate it.

If you are interested in having locations open during non-business hours, we would be willing to work with DPS to see if that is possible. (There are some logistical and staffing concerns that we have to work through with DPS.) I'm happy to provide more information or discuss this with you at your convenience.

Pam,

I'm sorry that we played phone tag today regarding the MOU. I wanted to bring a couple of matters to your attention that I believe we should discuss tomorrow.

- 1) The three day deadline to get locations locked in. As much as I would like to make this happen, the plain reality is that the counties sometimes shift on us. We are doing things in our procedures (including our new county outreach and maintenance talking points) that should help to eliminate last minute changes, but there is always a chance that the best laid plans may need to be changed.
- 2) Notification of loss, theft, or damage. I think our IT and Purchasing folks would be comfortable with some notification of any loss, theft, or damage prior to the final inventory, but we can be flexible on the timeframe and what the remedy may be.

I will be at our Elections Division's seminar until about 10:00 tomorrow morning and then will return to the office, hopefully honoring some previous plans and leaving around noon.

Please feel free to reach out to me at your convenience. My direct dial is 512/475-2813 and my mobile phone is 512/739-4265. I look forward to speaking with you.

Thank you for assisting me in getting this to the right folks at DPS.

As I discussed on the phone, this MOU is intended to lay out the scope of the relationship between DPS and SOS regarding the Mobile EIC Centers that will go into the field one week from today. Obviously, this is a little behind since the equipment was picked up by DPS last week, but I'm hopeful that the terms of the pick-up were acceptable.

Please let me know if you need anything further from me before review and suggested edits by DPS. My direct dial is 512/475-2813 and my mobile number is 512/475-2813.

I appreciate your help!

Best,
Wroe

BRUCE ELFANT

TAX ASSESSOR - COLLECTOR
VOTER REGISTRAR

October 13, 2013

Mr. Keith Ingram
Director of Elections
Texas Secretary of State
208 E. 10th St., 3rd Floor
Austin, TX 78701

Dear Keith:

I am writing to update you about our four days of community outreach with DPS regarding the new voter ID law. As you are aware the eight sites selected were located as close to the geographic areas of highest concern based on data provided by your office. In the week and a half we had to prepare for the outreach locations, the City of Austin and Travis County;

- developed a KeepCalmVoteOn.com website that contained Voter ID information and outreach locations.
- provided hundreds of community leaders, organizations and elected officials with information about our outreach efforts and urged them to distribute widely.
- partnered with Capitol Metro and local taxi cab companies to advertise the KeepCalmVoteOn.com website
- Senator Watson sent out 43,000 robo-calls into areas of highest concern
- conducted news conference to inform the community about Voter ID outreach efforts with the County Clerk, Tax Assessor and Councilmember Mike Martinez
- authorized Travis County Veterans Services Office to accept Voter ID disability exemptions

Our efforts to encourage people to go to one of the mobile locations yielded 224 contacts;

- 95 - new voter registrations
- 10 - name changes
- 28 - address updates
- 2 - disabled exemption applications
- 89 - general inquiries
- 0 - election identification certificates issued

We have learned from this effort that it is more difficult to reach this population than we expected. This outreach effort might have been more effective if as we suggested, the mobile locations could have been open weekends or evenings to accommodate people who work. If weekends or evenings for future efforts are not possible, I'm not sure that attempting further mobile locations M-F, 8-5 would yield any better results.

While this strategy failed to produce the results we had hoped to achieve, and since this is uncharted territory for Texas I believe we were obligated to try. We do appreciate the efforts of SOS and of so many individuals and organizations who worked with no money and very little time to help educate our community about the Voter ID requirements.

Since the data which guided our approach is composed of about 37,000 Travis County registered voters who may not possess state issued IDs, a more effective approach might be for your office to mail postcards specifically to these voters to inform them of the new voter ID requirements and how they can obtain election identification certificates. Should you decide to do so, we would be happy to assist.

Our common interest is that all voters should be able to cast their votes and have them count. We stand ready to assist your office in any way we can to help voters obtain the proper IDs, update their names to match their photo IDs and provide disability exemptions for those who qualify.

Sincerely,

Bruce Elfant
Travis County Tax Assessor Collector and Voter Registrar

Hi Coby and Duke

The Cameron County, Denton County and City of Trinity sites were sent Feb 13 to DPS with the 5 day request in mind. (see attached)

I realize the tight deadline, and if the locations can be confirmed before Sunday 2.16 by DPS then SOS staff can travel and man the EIC mobile station with the DPS representative.

If not we can move to the following week however I need to contact county person for re-arrangements and tell SOS staff not to travel.

Duke - please let us know if DPS can check out the locations before Feb 16 or if we need to make changes.

- 1) Cameron (Harlingen City Hall & Cameron County Dancy Building)
- 2) Denton (TWU - Student Union Building)
- 3) City of Trinity (Fire Station)

Thanks

Louri
